To: Rev Christopher P. Foustoukos

If your parishioners are looking to be tested for the coronavirus, they can go to the following website to search for all the testing sites close to them at: <https://www.mass.gov/covid-19-testing>

I would recommend they go to one of the Lynn Community Health Center sites or to the site at Salem High School, as they are free and have a quick turnaround, and do not require a doctor's note. They run testing 6-7 days a week.

Thank you,
Sharon Cameron
Director
