Dear Stewards

We are sure you have recently received the 2019 Stewardship appeal by now. The letter speaks for itself. The Parish Council anticipates an approximately $50,000 deficit due to increases in fixed costs, which are beyond our control. Therefore, we are asking each steward to consider adding $1 per week ($50 total annually) to his or her pledge to offset this deficit and thus our parish will have a balanced budget.

Unfortunately, the return form at the bottom of the letter was copied from previous campaigns and we did not capture all the text when transferring it. ***In other words, there was some key parts missing in the pledge form:***

- Please indicate what your <u>total annual pledge for 2019</u> will be, so we can budget accordingly.
- If you are paying by Credit Card or Checking Account please indicate <u>how it will be paid: monthly, quarterly, or one-time</u> (annually).
- This additional necessary infromation can be <u>written on the front or back of the pledge form when returning</u>.

Thank you for your understanding,
Stewardship Committee
